Special People In Northeast, Inc. (SPIN) Selects TOTAL: Record™ Solution from Esteam

Seamless integration of electronic client records, Medicaid records, financial data and general ledger accounting systems.

PITTSBURGH, PA, March 6, 2008 – Esteam, a leading provider of human services software, today announced that Special People In Northeast, Inc. (SPIN), a Pennsylvania organization providing services and supports to children and adults with disabilities, selected Esteam software and services for improving clinical and administrative processes and supporting performance improvement efforts.

SPIN licensed TOTAL: Record™ Version 2.6, a software application that helps human services providers dramatically improve financial and service processes. Richard T. Greenfield, Chief Information Officer for SPIN, said Esteam was chosen because of the many financial and clinical features of TOTAL: Record™-- "From a competitive standpoint it just makes sense; I have been following the development of TOTAL: Record™ for several years and have become very comfortable with Esteam".

Trina Losinno, Executive Director of SPIN, said "We are excited about beginning our work with Esteam and we are looking forward to working with Esteam's advisory group to help direct the further development of Esteam's products".

"Leaders in their field like SPIN recognize the value of an enterprise information technology system like TOTAL: Record™ as a driver of service quality, operational efficiency and, ultimately, financial strength," said George Pashel, president of Esteam. "We are pleased that

SPIN selected Esteam as a partner to help meet their objective of continuous improvement of their operations and of the services and supports provided to their clients.”
